10. 11. HACK abaqus.lic abaqus.log D:\SIMULIA\ license. abaqus.dat this\_host. 12.  
D:\SIMULIA\license\lmttools.exe Config Services. xml 11. 11. HACK extract.bat This file, when  
on the host, asks for a username. If the username is already registered in the system, then the system  
will give an error message and try to run another script, so you can change it. It then passes control to  
this\_host.exe, loads and runs this\_host.extract.bat. It will then open lmttools.exe, load lmttools.exe and  
start
