

As someone asked me, I did Rolling Girl with a flower, BUT with instrumental rock, which is (itself) more . In addition, we all know that there are other versions for piano. I've already made one - and it took 3 hours to play for about 5 hours to find the right rhythm and style. This one was actually 3 hours If you've never played the piano it's hard to understand as you can't really know what's actually going on in the middle, but in general you only need a few notes to create a melody. You just need to know how to handle them and don't need to know that much.
